

## Tunnock's increase support of community hockey programme

Uddingston Hockey Club are delighted to announce that our long-term partner Tunnock's have increased their support of our Community Schools Programme by funding of a second club car that will be used by our team of Community Coaches alongside our first Tunnocks car that was put in place last year.

**Image one** – Fergus Loudon, Sales Manager of Tunnock's, Mick Evans, Director of Hockey of Uddingston Hockey Club and Uddingston Hockey Club community coaches Leigh, Chris, Callum, Maddie and Emma.

This long-term partnership with Tunnock's has seen our Community Schools Programme grow significantly over the last few years. The club now delivering in-school coaching and after-school clubs in over 30 primary and secondary schools across North & South Lanarkshire and the East-end of Glasgow, with the aim of increasing Health and Wellbeing of pupils and increasing their participation in sport.

The provision of this second club car is fantastic both for the programme and the club as transport is always an issue getting coaches and equipment to and from schools and for weekend matches, therefore having two cars now is a great benefit to the club.

Fergus Loudon, Sales Manager of Tunnock's commented **"Tunnock's have supported the hockey club alongside the Cricket and Rugby clubs for many years now and being able to further support the hockey club that in turn allows them to increase their community programme to provide sport to even more school children is just great to see and be involved in"**.

### IN PARTNERSHIP WITH:

Mick Evans, Director of Hockey of Uddingston Hockey Club commented **“To have a second Tunnock's car is great for our programme as transport has been an ongoing barrier to increasing our programme so to have one of our long-term partners support us in this way is just great for the club and the local community as a whole”**.

Uddingston Hockey Club would also like to extend our thanks to two of our other long-term partners Deans Civil Engineering and BMW Douglas Park who worked with the club to supply and insure both Tunnock's cars.

Without both of these key partners neither of the cars would have been possible particularly Deans Civil Engineering who assisted greatly with the lease and insurance of both cars.

**IN PARTNERSHIP WITH:**

The club would like to thank all our fantastic partners for their increasing support; however, as a club we are always looking for additional partners to allow us to grow further across the full community.

Should you wish to find out more about any aspect of the club or be interested in supporting the club please contact us at [uddingstonhc@gmail.com](mailto:uddingstonhc@gmail.com).
